Introducing the Next Steps report

Reports in Connecting Steps · https://support.bsquared.co.uk/docs/introducing-the-next-steps-report/

The *Next Steps report* shows which steps a pupil still needs to complete. You can use this information to help with your planning and to ensure each pupil has the opportunity to focus on the areas where they need further development.

This report now includes multiple levels for deeper insights - giving a more detailed view of where to focus and support each student’s progress.

If your school is using our AI for report writing, you can also create a summary paragraph outlining next steps for a pupil and share this with parents.

Follow the steps below to create a Next Steps report:
