Introducing the Achievements on Multiple Levels report in V5

Reports in Connecting Steps · https://support.bsquared.co.uk/docs/introducing-the-achievements-on-multiple-levels-report-in-v5/

The *Achievements on Multiple Levels report* shows a pupil's achievements/engagements across multiple levels.

The report is designed to look over multiple levels, not just 1 or 2. This means it's helpful when highlighting the achievements of pupils with complex needs and 'spikey profiles'. By default, it shows a single date, but you can tick 'Use Date Range' and add another date to show progress over time.

It is extremely useful on frameworks like Engagement Steps, Milestones or Routes to Progression for pupils with complex needs not engaged in subject-specific learning who will be working across several levels.

Watch this 3-minute video guide for a quick overview:
